# Shrine of Sedna

EDIT

The **Shrine of Sedna** was the secret entrance to [Dorregaray's](#) underground maze, disguised as a wishing well, located in the [Temple District](#) of [Cidaris](#).

While hidden in its disguised form, the shrine was said to be a place of worship to the dangerous and wrathful lady of the sea, Sedna. Sailors used to throw in their coins to bring them good fortune. The coins that are thrown in disappeared when they reach the bottom of the pool, fading.

[Dorregaray](#) built this underground maze under [Cidaris](#) where kept some of his favorite endangered species as pets. The [Party](#) has successfully unveiled this illusion and explored some of the maze. They found a Phoenix, which they delivered to Yufaal in its hatchling form, and they encountered a Manticore which they decided not to fight at the time. They also heard the footsteps of some Elemental creature, but they dared not get closer.

Eventually, when [King Ethain](#) made an alliance with Redania, Witch Hunters descended into the maze and it is rumored that they looted it in its entirety.
